

B.C.P. and vote for it in the forthcoming general elections unless he is a saboteur?

To all you people who may still be associated with the B.C.P. and M.F.P - who as you know, oppose every move made by Government - whether it be to combat our arch-enemies, famine, poverty, disease and unemployment which has made us beggars in foreign lands, I ask the question: Are you going to continue to support these Parties, which use you as mere tools to further their own interests, simply because you did not elect them into positions for which they yearn in order to enrich themselves while you and your families suffer? I post these questions for you to answer by practical actions, because every vote you cast in favour of the B.C.P. or M.F.P. is a suicidal action but that which you cast in favour of the ruling B.N.P. helps you to ward off the said enemies - famine, poverty, disease and unemployment - through the Self-Help projects and the Catholic Relief Services and the Association for the Aged. The L.N.D.C., as you know, has already established industries where our people will find employment. This is only the beginning of greater things to come.
